## ABOUT MYSELF

I qualified as a Web Developer at Le Wagon in London having previously worked in the entertainment industry as a Company Manager, Creative Designer and as a Performer. I have always worked in a team and I am an extremely well-organised person. I am looking for a role as a Front-end Web Developer or Full Stack Web Developer in a fast moving and challenging environment. I am willing to relocate anywhere in the UK and I can't wait to get started.

## WORK EXPERIENCE

### COMPANY MANAGER - CREATIVE DESIGNER - PERFORMER

(2015 - 2019)

#### Various UK Theatre Companies

- Financial Manager, Company Manager (Chapterhouse - UK, Ireland and China)
- Production Designer (Feelgood Theatre Company - Manchester)
- Workshop Facilitator and Creative Designer (The Play Group - Italy)
- Entertainer (Merlin Entertainments - Warwick Castle)
- Actor, Puppeteer and Musician (Scarlet Entertainments - Saudi Arabia)

### FULL STACK - WEB DEVELOPER (2020 - NOW)

Trained - London - Le Wagon

Here, I retrained as a Web Developer on a Full Stack course covering both front-end and back-end. My primary focus was that of front-end development, as this is where my key strengths lie. During this time, I learned and applied all the languages and environments shown in the 'Skills' section below.

Example websites I developed can be found at:
